TECHNICAL SKILLS

Frontend
HTML5 · CSS3 · JavaScript · React

Backend
Java · Spring Boot · REST APIs

Databases
MongoDB · MySQL

Tools
Git · GitHub · VS Code

CURRENTLY LEARNING

Node.js · React Native · JUnit · Docker · Kubernetes

STRENGTHS

Problem-solving
Communication
Creativity & adaptability
Teamwork
Time management
Critical thinking
Continuous learning

WORK PREFERENCE

Remote roles
Comfortable working independently and with international teams across time zones.

PRISCILLA ONYINYECHI ENYIDUM

SOFTWARE ENGINEER | WEB DEVELOPER

PROFESSIONAL SUMMARY

Software Engineer and Web Developer with over two years of hands-on learning and project-building experience. Builds responsive web experiences with HTML, CSS, JavaScript and React, and develops backend applications using Java and Spring Boot. Comfortable working with REST APIs, Git and GitHub, and MongoDB, with some MySQL project experience. Enjoys turning ideas into useful digital products, solving problems independently and continuing to grow through practical development.

SELECTED PROJECTS

ApplyFlow — **Job Application Tracker**

A job-search tracker for organising applications, interview dates, saved listings and application progress. Includes profile management and an activity dashboard.

LIVE https://apply-flow-mine.vercel.app

Glow Guide — **Skincare Education & Product Discovery**

A skincare platform for learning about ingredients, exploring brands and products, and finding recommendations based on skin type and concerns. Includes a skincare quiz and routine builder.

LIVE https://glow-guide-lyart-mu.vercel.app/
